Project Engineer - Civil

Nasland Engineering is a general civil engineering firm that has provided high quality civil engineering, surveying and land planning services throughout Southern California since 1959. We are seeking an exceptional professional engineer with experience in public works design including roadways and flood control facilities.

The successful candidate will have:

- ◆ A bachelor's degree
- ◆ At least 3 years of successful, relevant experience
- ◆ A high degree of proficiency in AutoCAD and Civil 3-D
- ◆ A high level of verbal and written communication skills

Our benefit package includes paid vacation and holidays, paid sick leave, a 401K plan, medical and dental insurance, a pleasant work environment and an opportunity for continuing professional development.

We maintain a drug-free workplace and perform pre-employment drug testing.

Nasland Engineering is an Equal Opportunity Employer.

For consideration, send resume to: Nasland Engineering, 4740 Ruffner Street, San Diego, California 92111; attention Carol or email carolg@nasland.com.

No telephone calls please.
