Client
KTU+A

Services
Land Planning

Completion Date
2011

Key Personnel
Steven D. Nasland, PE;
Principal-In-Charge

Larry Thornburgh, PE, PLS;
Project Manager

Project Summary

As a sub-consultant to KTU+A, Nasland Engineering is providing planning services for the update to the master plan for Mission Bay Park that was completed in 1997. The Fiesta Island area is approximately 467 acres and is the largest land area of Mission Bay Park. The GDP documents the existing biology, traffic, hydrology, land use and resources found on site. It summarizes the goals for the island identified in the master plan and in public workshops.
