Company Profile

Nasland Engineering was founded in 1959 in San Diego by Don Nasland. It began as a small land-surveying business and then grew to include other related services. Today, Nasland Engineering is a full-service **civil engineering, surveying, and land-planning** firm serving all Southern California.

Our varied project experience includes:

- ◆ *Streets & Highways*
- ◆ *Sewer & Water Utilities*
- ◆ *Drainage & Flood Control Facilities*
- ◆ *Commercial & Retail*
- ◆ *Transportation Projects*
- ◆ *Recreational Projects*
- ◆ *Surveying & Mapping*
- ◆ *Residential & Mixed-Use*

Nasland currently employs a staff of 40 individuals who consist of engineers, designers, planners, and land surveyors.

The firm's civil engineers and land surveyors are licensed and registered in the States of California, Arizona, Idaho, Nevada, Oregon, and Washington.

Nasland Engineering maintains a drug-free workplace and performs pre-employment drug testing.

Nasland Engineering is an Equal Opportunity Employer.
